

*Kia ora koutou ngā kura takiwā o Aotearoa*

Term 1 2024 is quickly coming to an end and I hope that your school year has begun positively. I am grateful that the weather has not posed the challenges across the country that we experienced in 2023 at this time of the year. But our educational climate has definitely felt the impact of a change of government.

- A big shout out to Lesley McCardle - our Administration Officer who has continued to keep our organisation functioning efficiently. Lesley has been monitoring and producing our accounts and website for many years which is a huge help in ensuring the sustainability of our association.
- I want to acknowledge our schools for their timely payment of subs, which we always seek to keep affordable for members. We are largely a volunteer organisation and these subs enable us to maintain the annual events that we hold for the benefit of our students. Here is the [subs notice](#) for 2024. ### **2023 NZCER Area School Survey**

Thank you to everyone who participated in the NZCER Area Schools Survey in 2023. [This is the report from NZCER](#). If your school had ten or more teachers participate in this survey, you would have received an individual school report to compare your outcomes with the nationwide picture. The NZASA Executive is seeking feedback on the overall report (ideally with the lens of comparison to your school) to determine the next steps for action from Area Schools. We seek to collect data from you, which will feed into a further presentation at the NZASA Conference by NZCER. After you have looked through the report (and your school report), [please add your thoughts to this Google doc](#). We would greatly appreciate your help adding to our 'What's on Top'.
